Front-End Developer and UI/UX Designer

I'm a 20-year-old digital creator, passionate about blending emotion and design to craft meaningful digital experiences. After completing my high school studies in Experimental Science, I decided to follow my creative path and joined Fontys University of Applied Sciences. Here, I'm pursuing a degree in ICT & Media Design with a specialisation in Mobile App Development, focusing on UI/UX Design, Front-end Development, and Swift Development.

WORK EXPERIENCE

Fontys ICT
2024 - Present

ICT Student Service Desk (ISSD)

Providing technical support to users with a wide range of ICT-related issues, such as Git version control, VPN configuration, and troubleshooting on both Windows and macOS systems.

Proxy Study Association
2024 - Present

Vice President, Treasurer and External Communication

Board member responsible for planning and project coordination, leading marketing and social media campaigns, overseeing UI/UX design of the website, managing budgets and finances as treasurer, and handling external communications with partners and stakeholders.

EDUCATION
